We depart the hotel on foot and follow former merchant trails up into the Montagnola hills, passing through ancient woodlands and coming upon an abandoned castle. Pass a small former quarry, once used for the lovely "pietra serena" stone typical of this area and descend to an pretty hamlet overlooking the valley of the River Elsa. Picnic in the open countryside before returning to the hotel. (8km/5 miles). Later in the day experience a **Tuscan cookery lesson** with a charismatic local chef in the 16th century kitchen of a nearby private villa. Enjoy a relaxed evening with lots of opportunities for hands-on involvement!

Walking

Shortest day: 8km/5miles

Longest day: 16km/10.1miles

There are 5 days of walking on the trip and one free day. In terms of terrain this is one of our more gentle itineraries. There are some long days of hiking, however, as on all tours there is always van support with the opportunity to walk a half-day and spend the afternoon at the hotel. We walk on strade bianche (gravel roads), through vineyards, along woodland tracks and quiet tarmac roads. This area of Tuscany is one of rolling hills with some significant ups and downs. Sturdy walking boots, with good ankle support, are recommended. Many guests like to hike with walking poles and these are very useful, especially on steeper sections and on the occasional stony or muddy descent.

Weather:

Spring and autumn are delightful times to walk in Tuscany. Warm, sunny days with cooler mornings and evenings.

Oct: Max 21° Min 15°. Rainfall 55mm

Dates: 28th October - 4th November 2016
